

# NETJETS CARD PROGRAM

The NetJets Card Program™ is the perfect solution for private flyers who travel less frequently, prefer a short-term commitment, or simply want to trial the NetJets program. With multiple private jet card options to choose from, your ownership is personalized, making it the ideal travel solution for your unique needs. Simply pay the all-inclusive upfront price and receive guaranteed access (24x7) to your aircraft type or larger in as little as 10 hours’ advanced notice – no matter where you are or where you’re looking to go.

When you fly, your billed time is calculated as occupied flight time, plus 6-min on each end for taxi time. This means you don’t have to worry about the positioning of the aircraft or the deadhead for one-way flights. Following each flight, we simply subtract the billed time away from your remaining jet card hours, rounded to the nearest 1/10<sup>th</sup> of an hour.

At the end of your term or when you fly all your hours, you can either walk away, purchase another Jet Card or graduate to the NetJets Share™ or NetJets Lease™ programs, which start at 50 hours per year, and offer more flexibility in a more cost-effective manner.

## 2021 PEAK PERIOD DAYS

Guaranteed availability, even on the busiest travel days of the year

For the designated Peak Period Days when demand on the NetJets fleet is the greatest, aircraft availability is guaranteed, but you need to provide more advance notice. For new bookings or changes to existing flight plans, the required notice is 48 hours for NetJets Owners and 120 hours for jet card Owners. Even with advance notice, we may request that you accelerate or delay your departure time by up to three hours, depending on flight demand.

### NETJETS OWNERS' Peak Day Rules:

- Advanced notice of 48 hours is required for new bookings or changes to existing flight plans on PPDs.
- NetJets Owners of 25-hour shares may be subject to the same PPDs and the same PPD restrictions as "Classic Card" Owners.

### JET CARD OWNERS' Peak Day Rules:

- Advanced notice of 120 hours is required for new bookings or changes to existing flight plans on PPDs.
- A mission-capable aircraft may be provided
- Travel on PPDs is not available for:
  - Owners with a negative hours or expired cards or Owners of 12.5-hour cards
  - Flights after the initial 12-month term

### SPECIALTY CARD Additional Peak Day Rules:

- Peak Days are subject to the 30 Classic Card peak days.
- All 3.5-hour (+) flights on a mission-capable aircraft between Collective Service Area and an international location on the 30 Peak Days subject to a 25% premium (Trip Time x 1.25 = Billed Card Hours). This includes flights to/from Hawaii.

### ELITE CARD Additional Peak Day Rules:

- Flights on up to 45 published NetJets Elite Card PPDs are subject to a 25% premium (Trip Time x 1.25 = Billed Card Hours)

## FLY PRIVATE WHILE HELPING PATIENTS WITH CANCER

# INTRODUCING THE NETJETS CORPORATE ANGEL CARD

NetJets is extending its partnership with Corporate Angel Network (CAN) to offer NetJets Owners a new way to fly while helping others. Purchase a 25-hour NetJets Corporate Angel Card™ and NetJets will contribute one flight hour to patients with cancer traveling to and from treatment. Additional benefits include the following:

- Fly the best-selling Citation XLS for all flights under 3.5 hours. (For longer flights, fly a mission-capable midsize or super-midsize aircraft, up to eight passengers)
- 365 days of guaranteed access to the NetJets fleet, including 30 Peak Period Days at 25% premium for international flights
- Only 10 hours' notice required for non-peak days (120 hours on peak days)
- No long-term commitment

## NETJETS + CORPORATE ANGEL NETWORK

For 20+ years, NetJets has supported Corporate Angel Network, the only charitable organization focused solely on transporting immune-compromised patients with cancer for lifesaving treatment. In addition to donating one flight hour for every NetJets Corporate Angel Card™ purchased, our Owners can also give flight hours to CAN. NetJets matches the first 50 hours of Owner donations annually and makes repositioning flights available to CAN. We are proud to share that in 2020, nearly 200 flight hours were donated to this important mission.
